Mr. Kent in his letter, dated the 3rd June 20, to the Senior Surgeon, states that if Govt. are not willing to sanction the Sub Asst. Surgeon's pay monthly a grant of Rs 80/- may be sanctioned for the dispensary as in the case of Kalasa.

Mr. Kent in his letter dt 10th May 20 to the Devan applied for pay Rs 100/- a month to the Sub Asst Surgeon, Mr Ramaswami Ayengar. Now he requests to meet the pay of the Sub Asst Surgeon by Govt.

A separate proposal has been received regarding the opening of a hospital at Hiriabile. Mr. Kent made several requests in his application for the grant of certain loans. The opening of a dispensary at Hiriabile is one of the requests.

Subject:- 38)

Loan of the services of a Sub-Assistant Surgeon to work in Mr.Kent's Dispensary at Hirebile and the question of sanctioning a grant-in-aid to the institution.

In May 1920, Mr.E.C.Kent of Hirebile Estate in the Kadur District addressed a letter to the Dewan stating that about 2,500 men (coolies and maistries included) were working in his estate, that the presence of a Medical man on the spot especially in times of epidemics was very necessary, that he would open a dispensary in his estate at his own cost and that he would pay to the Medical Officer Rs.100/- per mensem in addition to the pay which the Government may pay him and requesting that Sub-Assistant Surgeon Rangaswamiengar in charge of the Local Fund Dispensary at Kalasa may be permitted to live in his estate to be in charge of the dispensary and render medical aid to his employees and the people of the neighbouring villages.

2. The Senior Surgeon to whom the letter was referred for opinion reported to say that the Medical Department was short of hands and could hardly spare Sub Assistant Surgeons for work outside the Department but that, in view of the fact that a large number of coolies and other patients would be benefited by Mr.Kent's dispensary, there would be no objection to the services of Sub-Assistant Surgeon Ranga swamiengar being lent for employment under Mr.Kent on the following conditions:-

(1) No part of the pay of Rangaswamiengar should be paid by Government, as a separate Sub-Assistant Surgeon was to be employed by Government for the charge of the Kalasa dispensary in place of Rangaswamiengar.

12

(2) Mr.Kent should pay the usual contribution towards pension, etc., of the Sub-Assistant Surgeon under the rules governing the loan of Government officers to private or foreign agencies.

(3) The period of loan was to be limited to five years.

3. Mr.Kent being communicated with, he represented that it was too hard that he should be asked to pay a contribution towards the pay and pension charges of the Sub Assistant Surgeon in addition to the extra allowance that he was willing to pay the Sub Assistant Surgeon, that if the Government were not willing to place at his disposal the services of a Sub Assistant Surgeon at their cost, a grant-in-aid of Rs.80/- per mensem may be paid to him as in the case of the Kalasa Fund in consideration of the fact that he was going to throw open the dispensary to the public. He agreed further

(i) to keep his dispensary well-equipped with medicines, instruments and appliances at his own cost;

(ii) to provide accommodation for the Sub-Assistant Surgeon;

(iii) to keep the institution under the control of the District Medical Officer, Kadur District.

4. The Senior Surgeon considered that the terms offered by Mr.Kent were reasonable and recommended the loan of the services of a Sub Assistant Surgeon, the Foreign Service Rules as regards pay and pension charges contained in Articles 405 to 428 of the Mysore Service Regulations being relaxed in this case.

5. When the file came up to me for orders on 14th July 1920, I noted as follows:-

"The place is so far away from the existing dispensaries that any attempt to afford facilities for medical aid in this region should receive encouragement. A grant of Rs.80 per mensem as in the case of Kalasa Fund may be sanctioned tentatively for a period of one year."

6. The Dewan agrees with me in the proposal and the Financial

Secretary has no objection.

7. The charge during the current year can be met by reappropriation from the provision for allowance to the Personal Assistant to the Senior Surgeon in the current year's Medical Budget.

8. In the above circumstances, I solicit His Highness' gracious sanction to the proposal.

His Highness the Maharaja of Mysore, Bangalore.

Sir,

With reference to your D.O.letter No.G.26147-Med. 122-19-2, dated 18th May 1920, requiring my opinion on the representation of Mr. E. C. Kent, I have the honor to state that although the department is short of hands and can hardly spare any for work outside the department, yet in view of the fact that a large number of coolies will be in need of medical aid and that the Sub Assistant Surgeon will be employed on his legitimate work of rendering medical aid and the proposed dispensary of Mr.Kent will be open to other patients besides Mr.Kent's coolies who may resort to it for treatment, I have no objection to the loan of the services of Sub Assistant Surgeon Rungaswami Iyengar (now in charge of the Kalasa Dispensary) being made to Mr. Kent. The Sub Assistant Surgeon is reported to have worked very well during a recent outbreak of cholera in the estates of Mr. Kent and to have given satisfaction. I would therefore not come in the way of the Sub Assistant Surgeon getting the increased pay (Rs.100) promised by Mr. Kent. The present Local Fund Dispensary at Kalasa will have to be maintained and a separate Sub Assistant Surgeon will have to be found for the charge of that dispensary. It is therefore not possible for Government to contribute any part of the pay of the Sub Assistant Surgeon to be lent to Mr. Kent, who

JM

22

will have to bear all the charges connected with the maintenance of his dispensary and to pay to Government the usual contribution towards pension, etc, of the Sub Assistant Surgeon in accordance with the rules governing the loan of State Officers to private or foreign agencies.

Before communicating the final decision of Government in this matter to Mr. Kent I request that Government will give me time to consult the Sub Assistant Surgeon if he is willing to work under Mr. Kent on a pay of Rs.100 offered by him. It is necessary also to fix the period of the loan to - say, five years ~~or so~~.

I have the honor to be,

Sir,

Sir,

With reference to the correspondence ending with your D. O. letter No.G.28309, dated 26th June 1920, regarding the loan of the services of Sub Assistant Surgeon Rangaswami Iyengar of Kalasa, for the dispensary proposed to be opened by Mr. Kent for his Hirebile Estate, I have the honor to state that under the rules relating to the transfer of Government Officers to Foreign service, Articles 405 to428 will have to be applied. But in his letter dated 3rd June 1920, copy enclosed, Mr. Kent not only agrees to keep his dispensary fully equipped but to throw it open to the public, that is to say, tp patients other than those employed in or connected with his estate. I would therefore recommend a relaxation of the Foreign Service Rules in this case, in as much as the estate is within the State and will be open to the public along with the coolies of Mr. Kent's estate. The Sub Assistant Surgeon, who was asked to state his terms, reports that he expects a pay of Rs.150/-

Letter dated 3rd June 1920, from Mr. E. C. Kent, to the Senior Surgeon.

"Your letter dated 25th Ult. to hand for which I thank you. I extremely appreciate your kindness to sanction the services of Mr. Rangaswamiengar to work here, but as I am giving the dispensary doctor's quarters, free medicines and placing all open to the public I cannot see my way to also paying Mr. Rangaswamiengar's pay and pension allowance. I wish my dispensary to be under the supervision of the D. M. O. All necessary medicines will be stored. Also I intend getting a microscope and keeping it all up-to-date. I shall also see that the public get their medicines free and are not charged for, same as is the custom at other dispensaries to which Government give a grant. I might mention, when applying for lagge tracts of forest for coffee and tea cultivation last year I made a proposal to the Mysore Government in regard to having a large hospital at Hirebile and I now only require the services of the Sub Assistant Surgeon until the Hirebile scheme is sanctioned. Influenza is now again here and several deaths have taken place. As I have so many coolies and intend having my dispensary open to the public of the surrounding villages, if the Government are not willing to pay the Sub Assistant Surgeon's pay monthly, will they not give me a grant of Rs.80/- a month as they did to the Kalasa Medical Fund? I have more than double the number of coolies to look after than the Kalasa Medical Fund and can say the surrounding local number not less than 1000. I ask the Government to help me in the way either by paying the Sub Assistant Surgeon or giving me the grant. After six months' trial if not satisfactory or pleasing, I am quite willing for the grant to be cancelled. The dispensary will be a boon and a blessing to all the people around here and considering all I am doing I do not think it is asking too much of the Government for a free Sub Assistant Surgeon to look after my dispensary. I only ask you to consider my request and allow orders to be passed as my coolies will arrive about the 14th instant and I have to get Mr. Rangaswamiengar and his family
